

Khadeejat Mohammed

Ashford, Kent/ Nottingham
07944432771
13kmohammed@gmail.com

Education

Tonbridge Grammar School, Tonbridge— GCSEs

Sept 2013 - June 2018

2 level 7s, 10 level 6s, 1 level 5

Tonbridge Grammar School, Tonbridge — IB

Sept 2018 - June 2020

Overall of 29 points achieved. In HL Chemistry, Biology and Psychology and SL English literature, French and Mathematical studies.

University of Nottingham, Nottingham— foundation of engineering and physical. Sept 2020 - Current

Foundation certificate.

Experience

Oxfam, Ashford— Customer assistant

Sept 2017 - March 2018

I volunteered to tag and organise donated clothing items, ensuring their quality for resale. This role sharpened my attention to detail and organizational skills while teaching me effective time management alongside my school commitments.

The British Heart Foundation, Ashford— Customer assistant

November 2018 - Feb 2020

As a Shop Floor and Till Manager, I efficiently handled the cash register and maintained the shop floor's orderliness. This experience provided me with valuable insights into delivering excellent customer service and refining my interpersonal skills.

MY Tutor — Tutor

November 2021- November 2022

As a Math and Chemistry Tutor, I dedicated myself to tutoring children, preparing lesson materials, and meticulously grading assignments during my personal time. This experience not only honed my time management skills but also fostered patience and empathy in my interactions with students, providing me with valuable qualities for effective teaching and communication.

About me

An incredibly driven and motivated student looking for internships and graduate roles. Consistently throughout my education, I have proven that I am incredibly capable, consistently achieving my predicted grades and have had consistent motivation. My education has allowed for me to be a great team player and I wish to demonstrate this in my work and utilise the skills I have learnt to deal with customers.

SKILLS

Communication skills.

Time management

Teamwork

Resilience

LANGUAGES

English, Hausa.

Taco Bell, Nottingham — *Team member*

August 2022 - April 2023

I undertook a wide range of responsibilities, including managing the till, placing supply orders, attending to customers, ensuring a clean environment, and more. Operating in a fast-paced, high-pressure setting, often during night shifts, I became adept at juggling multiple tasks simultaneously, a skill that contributed to my effectiveness in delivering top-notch service and maintaining operational efficiency.

PROJECTS

People of Colour in Engineering Society UON — *Co-founder*

This was a society I helped to cultivate with three other students to aid in networking for students of colour studying engineering. We recognised there was a lack of space for BAME students to thrive outside of lecture environments and wanted to give them a space to meet other students with similar experiences, and eventually help them to connect with companies to enhance and grow their network for when they eventually graduate.
